Sat	29/Feb/20	White	Stroke	4BBB Nett Stroke

LOCAL RULES

To be read in conjunction with the Rules of Golf

Out of Bounds (Rule 18.2)

All areas beyond the boundary fence posts or lines of white stakes with black tops are out of bounds. In the area from the clubhouse to the first tee, the boundary is the inside edge of the pathway between the white stakes with black tops. For the ball to be out of Bounds, the entire ball needs to be outside the inside line of the reference posts. All fence posts are to be treated as immovable obstructions. Relief can be taken under rule 16.1a. Out of bounds stakes (defined by white paint with black tops) are to be treated as movable obstructions under rule 15.2a.

- When a player's ball is known or virtually certain to be out of bounds, the player may proceed under the Stroke and Distance Local Rule for a penalty of two strokes, rather than proceeding under stroke and distance. This Local Rule is not available if a provisional ball has been played. See Model Local Rule E-5 Diagram 2 (TMGC Program booklet or diagram sheet on local rules board) for full details of the Local Rule.

Ball not found

- When a player's ball has not been found, the player may proceed under the Stroke and Distance Local Rule for a penalty of two strokes, rather than proceeding under stroke and distance. This Local Rule is not available if a provisional ball has been played. See Model Local Rule E-5 Diagram 1 (TMGC Program booklet or diagram sheet on local rules board) for full details of the Local Rule.

Abnormal Course Conditions (including Immovable Obstructions) (Rule 16)

Trees (including tree stumps) identified by white stakes are no play zones:

- If a player's ball lies anywhere on the course other than in a penalty area and it lies on or touches such a tree or such a tree interferes with the player's stance or area of intended swing, the player must take relief under Rule 16.1f.
- Ground under repair is defined by any area encircled by a painted white line. Relief may be taken under rule 16.1a.

- Ground under repair includes exposed rocks or tree roots in areas cut to fairway height or less. Relief may be taken 16.1b.
- Large gatherings of leaves, pine needles, sticks and or pine cones around the bases of the trees are considered abnormal course conditions. The player may take free relief under rule 16.1b.

Integral Objects

- Retaining walls, sand bins, shelter sheds and ball washers are integral objects. These are to be treated as immovable obstructions. Relief is to be taken under rule 16.1a.

Immovable obstructions close to putting green:

- In addition to the types of interference described in Rule 16.1a, when a ball lies in the general area, interference also exists if an immovable obstruction (i.e. fixed sprinkler heads) is on the player's line of play, is within two club-lengths of the putting green, and is within two club-lengths of the ball. The player may take relief under Rule 16.1b. (Exception – There is no relief under this Local Rule if the player chooses a line of play that is clearly unreasonable.)

Ant nests and mounds

- Large or hard ant hills on the course are, at the player's option, loose impediments that may be removed under Rule 15.1a.
- All paths on the course, even if not artificially-surfaced, are treated as immovable obstructions from which free relief is allowed under Rule 16.1.

Suspension of play

- A suspension of play for a dangerous situation will be signaled by air horn. All other suspensions will be signaled by air horn. In either case, resumption of play will be signaled by the same air horn. See Rule 5.7b.

Slow play

- If a group finishes the round two (2) full holes more behind the group in front or in more than 4hrs and 15 minutes from the time of starting, all players in the group may be subject to a penalty of one (1) stroke, or one (1) stableford point off their final score.

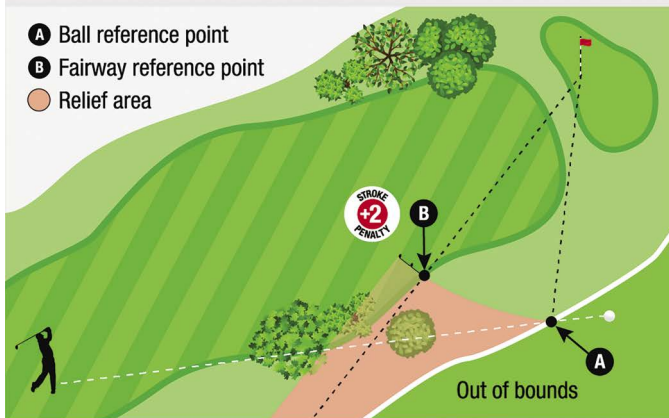

Garden beds are part of the course and the ball should be played as it lies, or take a one stroke penalty as an 'unplayable' – Please read Rule 16; Ball Unplayable for the options.

Uncertain of a situation in play? A second ball may be played and advice about the correct procedure MUST be obtained as soon as possible and before the card is signed and handed in.

Knowing the rules (Rule 1) Players and their caddies are responsible for knowing the rules.

MLR E-5 DIAGRAM 2: BALL OUT OF BOUNDS

- A** Ball reference point
- B** Fairway reference point
- Relief area

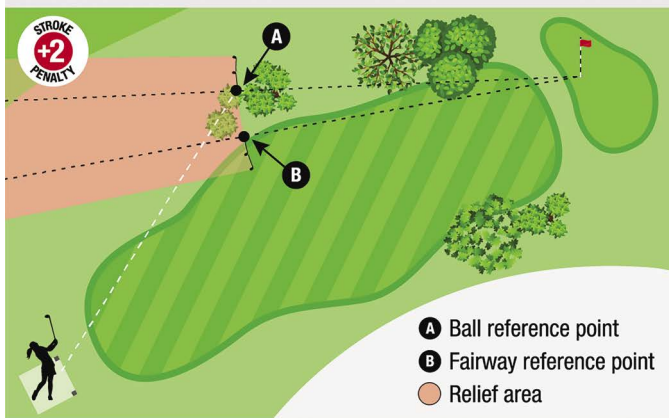

When a player's ball is known or virtually certain to be out of bounds, the player may take stroke-and-distance relief, or when Model Local Rule E-5 is introduced, the player has the additional option to drop a ball in and play from the relief area described below for two penalty strokes:

Reference Point	Size of Relief Area	Limits on Relief Area
<p>A. Ball Reference Point: The point where the original ball is estimated to have last crossed the edge of the course boundary to go out of bounds (point A)</p> <p>B. Fairway Reference Point: The point of fairway of the hole being played (point B) that is nearest to the ball reference point, but is not nearer the hole than the ball reference point</p>	<p>Anywhere between:</p> <ul style="list-style-type: none"> • A line from the hole through the ball reference point (point A) (and within two club-lengths to the outside of that line but still on the course), and • A line from the hole through the fairway reference point (point B) (and within two club-lengths to the fairway side of that line) 	<p>The relief area:</p> <ul style="list-style-type: none"> • Must not be nearer the hole than the ball reference point, and • Must be in the general area

Player Notes:

As the relief area is likely to be very large, the ball could roll a considerable distance from the spot where it first strikes the ground and not need to be dropped again.

MLR E-5 DIAGRAM 1: BALL NOT FOUND

When a player's ball has not been found, the player may take stroke-and-distance relief, or when Model Local Rule E-5 is introduced, the player has the additional option to drop a ball in and play from the relief area described below for two penalty strokes:

Reference Points	Size of Relief Area	Limits on Relief Area
<p>A. Ball Reference Point: The point where the original ball is estimated to have come to rest on the course (point A)</p> <p>B. Fairway Reference Point: The point of fairway of the hole being played (point B) that is nearest to the ball reference point, but is not nearer the hole than the ball reference point</p>	<p>Anywhere between:</p> <ul style="list-style-type: none"> • A line from the hole through the ball reference point (point A) (and within two club-lengths to the outside of that line), and • A line from the hole through the fairway reference point (point B) (and within two club-lengths to the fairway side of that line) 	<p>The relief area:</p> <ul style="list-style-type: none"> • Must not be nearer the hole than the ball reference point, and • Must be in the general area

Player Notes:

As the relief area is likely to be very large, the ball could roll a considerable distance from the spot where it first strikes the ground and not need to be dropped again.
