Policy Statement

In effect from 3 March 2020

Golf Cart Shed Allocation and Usage

1. This policy applies when the demand for golf cart sheds exceeds availability.
2. It sets out an equitable method for the allocation of a golf cart shed for rental.
3. Any person wishing to rent a golf cart shed must record their name in date order on the priority list placed on the club's notice board.
4. When a cart shed becomes available, that person shall be notified (either verbally, by text, email, telephone or mail) and that person must accept the offer within 7 days or the offer shall lapse.
5. In the case of an existing member, upon acceptance, the member must make good any outstanding membership fees and pay the pro-rata annual fee for the cart shed rental.
6. In the case of a non-member, upon acceptance, that person must apply to become a member and pay the membership fees and the pro-rata shed rental fees within seven days.
7. Golf cart sheds are for the storage of golf carts and golf equipment. To make it clear, a golf cart shed is not to be used as a de facto storage shed.
8. Should a member cease to become a member, or does not personally use the golf cart shed, then the member cannot assign the tenancy or sublease. In these cases, the shed must be returned to the rental pool.
9. Breaches of this policy shall be actioned under the TMGC Constitution and/or the Cart Shed Licence Agreement (January 2019).
